

BURY

PLANT HIRE

0.8t micro small excavator /digger for hire K008-3 kubota micro digger

£POA

Super compact, highly reliable and easy to operate 0.8t micro excavator / digger for hire. A hydraulically adjustable track gauge reduces the track width to 700mm to easily fit through most doorways, permitting access inside of buildings micro Diggers are the ideal machines for smaller building and gardening projects. Due to its small size, a micro digger is very flexible and easy to operate. . Can also be used to dig inside a building as it will fit through a house doorway.. Contact us on 0161 797 9686 for a mini / small digger hire price.

areas covered for plant hire delivery accrington, blackburn, heywood.bury, bolton, rochdale.
