

PROBST quick draw

£147.00

A clever paver-marking tool for concrete and paving stones.

- * No problems with the marking of distances of kerbstones, walls, etc. for later stone cutting.
- * 400-600% time saving with marking works.
- * Especially effective with soldier course.
- * Tough construction made of aluminium and stainless steel.
- * Roller guide, for quick accurate marking.
